

KARTING the COAST RULES REVISIONS

PUBLISH DATE: MARCH 1, 2023

EFFECTIVE DATE: APRIL 15, 2023

KARTING the Coast has officially partnered with VEGA Kart Racing Tires for 2023 and we will be exclusively racing on the following VEGA tire compounds:

VAH Red for all 4 stroke classes.

VEGA XH3 Green for all 2 stroke classes.

VEGA W6 Rain (The Option tire for declared rain races).

One set of race tires per race class will be allowed per race day. Tires will be marked at the scale area by a designated KtC race official at the completion of qualifying race #1 (It is the racer's responsibility to make sure all 4 tires receive the required tire marking before leaving the scale area). Racers are to run all 3 races (2 Qualifying Races and 1 Final) on the same set of marked tires.

You may source your VEGA race tires at any location at this time. That being said, official KtC annual race members will receive discounts for each set purchased directly from Drive Your Line LLC. KtC annual race members also qualify for additional bulk discounts when purchasing through Drive Your Line. For additional information and ordering, email Christy@driveyourline.com.
